CLEANSES, SOFTENS, PURI-FIES, WHITENS AND BEAU-TIFIES THE SKIN. SOAP AND WATER ONLY CLEANSE SUPERFICIALLY.

Mme. Yale says: A little Almond Blossom Complexion Cream should be applied every time the face and hands are washed. It removes the dust, soot, grime, smut and smudge from the intertices of the skin and makes the surface smooth as velvet.

A daily necessity at home and abroad; a treasure when traveling by land and water. Protects the skin from cutting winds, burning rays of the sun and every injurious effect of the elements. Prevents and cures abnormal redness of the chapping, chafing, cold sores, fever blisters and all irritation of the skin. It is the greatest known specific for burns; takes the fire out quicker than anything else, sootnes, heals and prevents scars and suppuration. Indispensable for use of infants and every member of the household. An exquisite nat-ural beautifier. A grateful application after shaving. Excellent for massage purposes. Mme. KEEPING UP WITH THE TIMES.

A Matter on Which All Success In Life Is Dependent.

A physician tells me that he goes through his medical library every year and throws out a lot of books which have become useless to him be cause the new, up-to-date the more progressive, are pushing out the old.

We all know that some of the scientific books published are useless a year after they appear in print. There never was a time in the history of the world when the new in every line of endeavor crowded out the old as it does to-day.

If you examine your business thor oughly you will probably find old-fogy methods, obsolete ideas, and cumbersome ways of doing things; a lot of red tape in your methods.

Remember that nothing else is improving faster than business methods. If you are keeping books as they were kept a quarter of a century ago, if you are using the same business system, you will find that you are way behind the times.-Success Magazine.

Roe, assistant state's attorney for Cook county, Ill., states that in Chicago alone here are more than 30,000 women eading a life of shame. It has been proved that about 80 per cent of these have been entrapped and sold into this slavery, so that 24,000 are in these infamous resorts against their will— white slaves. Can we imagine it is

During the Methodist conference at horried, seifish old thing not to want to even lend your things—so there! Baltimore last year a memorable scene was enacted. The bishop who presided asked the members of the conference to take this pledge: "Here and now I pledge eternal enmity to that foe of God and man, the liquor traffic." Overcome by their emotions, strong men wept, others laughed and ang, and finally, as with one accord, they sang, "Praise God from Whom All Blessings Flow," and "America." At these meetings let all rise and make this earnest promise, "Here and now I pledge eternal enmity to the white slave traffic." Some years ago the Illinois legislature passed a bill by which all birds of the forest kept in cages were to be set free on the Fourth of July.

Alcohol has enormous social consequences. It is not necessary to prove that every moderate drinker is a criminal, but !t is one of the accepted axioms in penology that intemperance is one of the most potent causes of crime. The curves of criminality rise or fall with increase or decrease in the consumption of alcoholic drinks. The more you increase the alcoholic area of temptation to the use of such drinks, the more social disorder you will have. Reduce the number of the saloons and you reduce the volume of crime. Shut them up entirely and in some communities disorder almost entirely disappears.—Samuel J. Bar-President International Prison Commission.
